#### 3. Actions from last meeting

- a. Path at Milton: The roads department was contacted several times with no response and local councillor contacted as well. The road department did respond when the community council shared the concerns from residents over the surface quality but then did not respond after the concerns were raised. The work has currently halted due to lack of materials. **ACTION** Raise issue of no response from road department with head of roads and infrastructure at The Highland Council.
- b. Garden Issue: Waste started to be cleared but has seemed to be stalled. **ACTION** Check with council officers on the situation.
- c. Potholes on Newton Road/Hill: Reported to roads department, there has been no action taken on them yet. **ACTION** Email roads department to see where in the list of repairs to be carried out these potholes are.

#### 4. Financial report

£3412.55 at latest statement. We had a £500 village officer supplement grant, a £300 grant for Christmas lights and the yearly council grant of £470.74 deposited into the account.

Emma Sinclair proposed, and Holly Forbes seconded.

#### 5. Local issues

- a. Christmas lights: £300 available for repairs to lights or purchasing new ones. Possibility of using microgrants as well. **ACTION** Check with Foundation Scotland what the community council can administer.
- b. Village officer grant: Ways of using this money for maintenance around the district was discussed.
- c. Planters: hadn't been delivered. **ACTION** Check what the situation is with them.

**6. Any other relevant business**

Co-opting was discussed and members of the public expressed an interest. They were encouraged to email the community council to receive the relevant forms and the vote could then happen at the next meeting.

Quotes are being gathered for new play equipment in Haster with the community council hoping to apply for funding from the Camster and Tannach windfarm funds.
