5. AOB

- Thrumster Community Development Association Update:
Close to becoming owners of the park and tennis court, hopefully July. All funding secured for the renovation of the tennis court and park fencing. They are nearly there with the plans for the new hall and will be holding a public consultation soon and will send details when they have it finalised. Asked if we would raise the issue of the potholes on the road down to the Thrumster cemetery and also the issue of rabbits in the cemetery eating the flowers left on graves. **Action: JM will enquire about both issues.**
- Milton barrier: JM asked roads department about it and will chase.
